Agenda Item No. 4(F)

Subject: Proposed Amendments to
Article VII of the Miami-Dade County Code, Pertaining to Infill Housing Initiative

RECOMMENDATION

It is recommended that the Miami-Dade Board of County Commissioners (Board) approve the attached ordinance amending various provisions of Article VII, Sections 17-121 thru 17-126, and creating Sections 17-124.1, 17-124.2, 17-123, and 17-128 of the Miami-Dade County Code, pertaining to the Infill Housing Initiative. The proposed changes will facilitate the administration and establish the controls and enforcement of the Infill Housing Initiative.

BACKGROUND

In May of 2001, the Board adopted Miami-Dade County Ordinance No. 01-47, creating the Infill Housing Initiative to increase the availability of affordable homes for low and moderate income persons, redevelop urban neighborhoods by eliminating the blight of vacant lots and dilapidated or abandoned properties, and generate payment of ad valorem taxes. The Initiative developed a methodology for handling infill housing, including the identification of property; acquisition, transfer and sale of property; reversion of title to the County in the event of non-performance; forgiveness of liens; and, construction and rehabilitation loan provisions. This amendment is intended to clarify the purpose and focus of the Infill Housing Initiative as well as, to provide for improved control and enforcement measures.

The information below summarizes the various proposed amendments to the Infill Housing Initiative Ordinance.

- 17-121 Title; purpose

The program's purpose is amended to (1) ensure the equitable distribution of homeownership opportunities within the Infill Target Areas and (2) eliminate rental housing from the program.

- 17-122 Change from "Identifying property for infill housing" to "Definitions"

Provisions related to the identification of property for infill housing have been deleted, and reserved for application by administrative order. Definitions of relevant terms have been inserted at the beginning of this section to ensure consistency in the scope and application of the Initiative.

- 17-124 Transfer or sale of property

In order to preserve the current stock of affordable housing for the long-term, the affordability control period has been adjusted from ten (10) to thirty (30) years. As an additional control measure, a requirement for the execution of a Declaration of Restrictive Covenants has been added

to the ordinance to supplement Deed restrictions, heretofore the sole means of controlling the future transfer or sale of property. The Declaration outlines the methodology of how the County will maintain the affordability of property during transfer or sale throughout the control period.

- 17-124.1 Eligibility of households for eligible housing

The proposed addition establishes the criteria and process, which did not previously exist, to be utilized for the qualification of eligible households to participate in the Infill Housing Program pursuant to an administrative order. It also provides for the issuance of affordable mortgage loans through the use of SHIP and Surtax funds to eligible households based on availability.

- 17-124.2 Affordability controls

Proposed additions include the institution of affordability controls governing the following, as outlined below: A) Initial sale; B) Resale; C) Control of resale prices; D) Resale requirements during the control period; and E) Foreclosures and other proceedings.

A) Initial Sale: Sale of homes must be evenly distributed to low and moderate income qualified households for use as their primary residence. Proper notification of the offering of an eligible home must occur on behalf of the developer to the County and, in turn, the County to eligible households.

B) Resale: Any qualified household that intends to sell its eligible home prior to the expiration of the control period shall provide written notification to the County pursuant to subsection (C) "Control of resale prices" below.

C) Control of resale prices: With the exception of sales under Court Order, the maximum sales price permitted on resale of an eligible home shall be the lesser of either the maximum sales price for an eligible home as set by the County at the time of resale to an eligible household, or the market value of the unit for sale.

D) Resale requirements during the Control Period: The County Manager may adopt additional requirements for reselling an eligible home consistent with this article.

E) Foreclosures and other proceedings: This section empowers the County to enter and settle foreclosure proceedings for any mortgage granted by the County under the Infill Housing Initiative. In the event that an Infill Housing property is foreclosed upon by a senior mortgage lender, the County Manager is authorized to pay off said senior mortgage and assume ownership of the housing unit.

- 17-124.3 Right of first refusal

This addition imposes a restriction upon home buyers granting the County a right of first refusal to purchase the home in the event that, at such future time as a homeowner shall attempt to resell an Infill Program home, a qualified household cannot be located within six months. The County Manager is authorized to negotiate and execute such contracts as may be necessary.

- 17-125 No title
 - A) Private Property Owners: In order to provide more control over private property owners entering the Infill Program, the proposed amendment requires each participating owner to record in the public records one or more covenants or declarations of restrictions in a form approved by the County.
 - B) Community Development Corporations and Qualified Developers: The proposed amendment expands the list of developers eligible to receive construction or rehabilitation loans by including "other qualified not-for-profit" organizations. It also identifies the source of these loans by delineating them through the County's Surtax or SHIP programs.
- 17-126 Forgiveness of county liens:

The proposed amendment specifies that the forgiveness of liens is applicable only to those liens imposed by the County and adds the additional restriction that the private owner takes the action of recording in the public records one or more covenants or declarations of restrictions in a form approved by the County.

- 17-128 Enforcement, and 8CC-10 Schedule of civil penalties

The proposed additions allows for enforcement of the Initiative in accordance with provisions of Chapter 8CC of the code. It provides for violators to be punished by the institution of civil fines and/or imprisonment, at the discretion of the county court.

Fiscal Impact

The Infill Housing Program, as implemented and administered under the authority of the amended Article VII of the Miami-Dade County Code, will require the addition of four positions to the overall staffing of the General Services Administration – three Real Estate Officers and one Construction Field Representative. The annual fiscal impact of the additional four positions is approximately \$275,000.
